## Wynn's Power Boost for Petrol

Wynn's Power Boost for Petrol is a fuel additive to enhance performance by increasing the Octane rating up to 3 RON points. The higher octane additive fuel will provide significantly more power to engines tuned to high octane specs or with anti-knock technology.

### Key Benefits

- Increases the octane number (RON) up to 3 points
- Provides upper cylinder lubrication up to 5000km
- Reduces valve seat recession
- Increases horsepower
- Overcomes pre-ignition, pinging or knocking in the engine
- Catalytic converter, O2 and E10 petrol safe

### Applications

- For all modern petrol vehicles with variable timing to accommodate higher octane
- Older performance cars might need some timing adjustment
- Valve seat recession additive

### Directions for use:

- Add to petrol when filling up
- 375ml treats up to 50 Litres of petrol

# TECHNICAL DATA SHEET

## Wynn's Power Boost for Petrol...continued

Pack sizes.  
12 x 375ml

### Physical Specifications:

Odour: *fragrant*  
Appearance: *Clear liquid*

### Health and Safety Data.

Material Safety Data Sheets are available from the company

### Shelf Life.

Whilst Wynn's products are formulated to have as long a shelf life as possible, other factors do influence their actual useful life. Handling and storage conditions can cause packaging deterioration which could render the product unfit for further use. From time to time products are superseded by upgraded products and/or changed formulations and older products will no longer have the same performance level or be compatible with latest technology being introduced into equipment. It is therefore the responsibility of the purchaser of the product to ensure proper storage conditions, stock rotation and timely usage to prevent products from becoming unsuitable for use.

Expiry date: 3 Years from manufacture date.
