TYRE & TRIM SHINE

Introduction

Wynn`s Tyre and Trim Shine is a blend of specially selected safe ingredients which when used as directed will remove road soils, dirt and oxides from automotive tyres leaving the surface with a clean shiny black appearance of a new tyre.

Benefits.

Wynn`s Tyre and Trim Shine is not a coating and will not crack or flake nor will it build up a residue layer with repeated applications as conventional tyre paints tend to.

Advantages to the user.

Restores original shine on all black and grey rubbers and plastics, tyres, bumpers and exterior trim.
Anti – Static.

Directions for use.

Wash tyres and bumpers to remove excess dirt.
Dry with a cloth and apply Tyre and Trim Shine with a brush or sponge.
Allow to dry and buff with a soft cloth.

Packsizes.

500ml 12 x 500ml

Physical Specifications.

Appearance	:	Clear liquid
Flash Point	:	>250 `C

Health and Safety Data.

Material Safety Data Sheets are available from the company.

Shelf Life.

Whilst **Wynn`s** products are formulated to have as long a shelf life as possible, other factors do influence their actual useful life. Handling and storage conditions can cause packaging deterioration which could render the product unfit for further use.
From time to time products are superseded by upgraded products and/or changed formulations and older products will no longer have the same performance level or be compatible with latest technology being introduced into equipment.
It is therefore the responsibility of the purchaser of the product to ensure proper storage conditions, stock rotation and timely usage to prevent products from becoming unsuitable for use.

Expiry date: *2 Years from manufacture date.*
