TECHNICAL DATA SHEET

Wynn's Number Five Spray

Wynn's Number Five Spray is a multi-purpose penetrating lubricant for chains, hinges locks, castors, fishing reels, tools etc. Excellent rust penetrating properties when used as a de-gripping agent.

Key Benefits

- Silicone free multi-purpose lubricant
- Rust penetrant
- Protects against corrosion
- Removes residue
- Repels Water

Applications

- Lubricate chains, locks or any moving parts
- De-gripping of stubborn nuts or bolts
- Dissolve and cleans tar, grease and sticker residue
- Workshop and household lube

Directions for use:

- Spray directly onto part
- Allow to penetrate
- Work the joint, hinge or nut
- For dissolving tar or residue, spray onto area and wipe off with soft cloth after a few seconds.

Health and Safety Data.

Material Safety Data Sheets are available from the company

Shelf Life.

Whilst Wynn's products are formulated to have as long a shelf life as possible, other factors do influence their actual useful life. Handling and storage conditions can cause packaging deterioration which could render the product unfit for further use. From time to time products are superseded by upgraded products and/or changed formulations and older products will no longer have the same performance level or be compatible with latest technology being introduced into equipment. It is therefore the responsibility of the purchaser of the product to ensure proper storage conditions, stock rotation and timely usage to prevent products from becoming unsuitable for use.

Expiry date: 3 Years from manufacture date.
