### Pack sizes.

12 x 375ml

### Physical Specifications:

Odour: *Characteristic*  
Appearance: *Liquid in aerosol*

### Health and Safety Data.

Material Safety Data Sheets are available from the company

### Shelf Life.

Whilst Wynn's products are formulated to have as long a shelf life as possible, other factors do influence their actual useful life. Handling and storage conditions can cause packaging deterioration which could render the product unfit for further use. From time to time products are superseded by upgraded products and/or changed formulations and older products will no longer have the same performance level or be compatible with latest technology being introduced into equipment. It is therefore the responsibility of the purchaser of the product to ensure proper storage conditions, stock rotation and timely usage to prevent products from becoming unsuitable for use.

**Expiry date:** 3 Years from manufacture date.
