TECHNICAL DATA SHEET

Wynn's Silicone Lubricant 200ml

Wynn's Silicone Lubricant is a multi-purpose silicone based spray, ideal for everyday household and elastomer lubrication such as door hinges, sticky locks, drawers, curtain rails and especially effective on rubber, plastic & nylon sliders.

Key Benefits

- Penetrates into joints and sliding surfaces
- Repels Water
- No oily residue
- Prevents corrosion
- Cleans and protects

Applications

- Lubricate hinges, curtain rail sliders, nylon joints, rubbers and plastics
- Protects rubber bushings and prevents squeaks
- Keep cables working freely
- Releasing agent
- Protect and shine fishing reels and equipment exposed to natural elements
- Workshop and household lube

Directions for use:

- Spray directly onto part
- Allow to penetrate
- Work the moving parts
- Spray onto exposed components to protect

Health and Safety Data.

Material Safety Data Sheets are available from the company

Shelf Life.

Whilst Wynn's products are formulated to have as long a shelf life as possible, other factors do influence their actual useful life. Handling and storage conditions can cause packaging deterioration which could render the product unfit for further use. From time to time products are superseded by upgraded products and/or changed formulations and older products will no longer have the same performance level or be compatible with latest technology being introduced into equipment. It is therefore the responsibility of the purchaser of the product to ensure proper storage conditions, stock rotation and timely usage to prevent products from becoming unsuitable for use.

Expiry date: 3 Years from manufacture date.
