## Wynn's C-Thru

Wynn's C Thru is a truly remarkable innovative rain dispersant product for windscreens and windows. Rain is dispersed so effectively, you do not need to use wipers at all even in the heaviest of down pours. Applies easily with a clean cloth and lasts an entire rainy season.

### Key Benefits

- No more wipers
- Clear vision in heavy rain
- Long lasting formula

### Applications

- Car or bike windshields
- Can be used on most hardened plastics, but should first be tested on a small area in case of protective coatings or incompatibility

### Directions for use:

- Clean windscreen and dry thoroughly
- Apply C THRU evenly with a soft cloth
- Let dry to a haze and repeat the application
- Allow 3 minutes to dry and buff with a clean dry cloth until clean and shiny
- Avoid getting on paintwork

# TECHNICAL DATA SHEET

## Wynn's C-Thru....continued

### Pack sizes.

12 x 250ml

### Physical Specifications:

Odour: Characteristic  
Appearance: Transparent liquid

### Health and Safety Data.

Material Safety Data Sheets are available from the company

### Shelf Life.

Whilst Wynn's products are formulated to have as long a shelf life as possible, other factors do influence their actual useful life. Handling and storage conditions can cause packaging deterioration which could render the product unfit for further use. From time to time products are superseded by upgraded products and/or changed formulations and older products will no longer have the same performance level or be compatible with latest technology being introduced into equipment. It is therefore the responsibility of the purchaser of the product to ensure proper storage conditions, stock rotation and timely usage to prevent products from becoming unsuitable for use.

**Expiry date:** 3 Years from manufacture date.
