TECHNICAL DATA SHEET

Wynn's Tyre Treat

Wynn's Tyre Treat is a foam cleaner which acts immediately by simply spraying the actuated foam onto the tyre.

Key Benefits:

- No pre-cleaning required
- Actuated foam removes dirt in one application
- Tyres shine effortlessly when lightly wiped with cloth
- Prevents tyre deterioration and discoloration
- Tyres will attract less dirt and will wipe off easily
- Can be used on wet tyres
- Anti-static

Applications

- Quick and easy tyre cleaning and protection

Directions for use:

- Shake well
- Spray from about 20cm away
- NOTE: Use only on tyres. Do not spray on brake drums. For enhanced appearance, wipe the tyre before it is dry.
- Tyre Treat will not harm tyres, alloy wheels or paint
- Allow to penetrate 10-15 minutes
- Buff to a final gloss.
- For maximum effect use liberally with first application

Wynn's Tyre Treat....cont.

Pack sizes.
12 x 400ml

Physical Specifications:

Appearance : Foam aerosol
Odour: Characteristic
Colour: White

Health and Safety Data.

Material Safety Data Sheets are available from the company

Shelf Life.

Whilst Wynn's products are formulated to have as long a shelf life as possible, other factors do influence their actual useful life. Handling and storage conditions can cause packaging deterioration which could render the product unfit for further use.

From time to time products are superseded by upgraded products and/or changed formulations and older products will no longer have the same performance level or be compatible with latest technology being introduced into equipment.

It is therefore the responsibility of the purchaser of the product to ensure proper storage conditions, stock rotation and timely usage to prevent products from becoming unsuitable for use.

Expiry date: 3 Years from manufacture date.
