TECHNICAL DATA SHEET

Wynn's Revive

Wynn's Revive paintwork renewer, is a burnishing compound with abrasive particles which remove faded, discoloured paint and scratches. Revive removes years of grime and oxidation in minutes.

Key Benefits

- Abrasive polish to restore faded paintwork
- Prepares paintwork for new polish by removing wax build-up
- Removes stubborn dirt and scratches
- Not recommended for metallic finishes

Applications

- Restore old paintwork
- Remove scratches
- Clean off old wax polish residue before applying a new coat or sealant

Directions for use:

- Wash vehicle
- Shake well
- Apply vigorously to faded area until clean paint is visible
- Immediately remove residue with damp cloth
- Buff to shine
- Add polymer sealant to protect and shine
- Avoid getting on paintwork

Wynn's Revive....continued

Pack sizes.

12 x 375ml

Physical Specifications:

Odour: Characteristic
Appearance: White liquid cream

Health and Safety Data.

Material Safety Data Sheets are available from the company

Shelf Life.

Whilst Wynn's products are formulated to have as long a shelf life as possible, other factors do influence their actual useful life. Handling and storage conditions can cause packaging deterioration which could render the product unfit for further use. From time to time products are superseded by upgraded products and/or changed formulations and older products will no longer have the same performance level or be compatible with latest technology being introduced into equipment. It is therefore the responsibility of the purchaser of the product to ensure proper storage conditions, stock rotation and timely usage to prevent products from becoming unsuitable for use.

Expiry date: 3 Years from manufacture date.
