## Wynn's Engine Flush

Wynn's Engine Flush is a superior flushing fluid additive to be used before an oil change. Wynn's Engine Flush, is fast acting yet provides extra wear protection with a unique anti-wear additive for extended flushing periods to dissolve sludge and oil deposits. Engine Flush will remove sticky deposits from the pistons rings restoring compression as well as clean out oil channels and galleries to ensure complete lubrication of all working components when oil is replaced.

### Key Benefits

- Removes sludge and oil deposits from the crankcase and oil system
- Frees sticky piston rings restoring compression
- Frees hydraulic valve lifters and VVT systems
- Provides essential wear protection while dissolving deposits
- Can be drained after 10-15 min or up to 200km of moderate driving

### Applications

- Use before every service to ensure new oil is not contaminated by used oil deposits
- For all mineral and synthetic oil types
- Petrol or diesel engines

### Directions for use:

- Add Wynn's Engine Flush to the crankcase oil
- Run the engine until operating temperature is reached
- Drain after 10-15 minutes while hot or after driving the car moderately for no more than 200km.
- 375ml treats 4-6 Litres of crankcase oil

Pack sizes.  
12 x 375ml

### Physical Specifications:

Odour: *Characteristic*  
Appearance: *Clear liquid*

### Health and Safety Data.

Material Safety Data Sheets are available from the company

### Shelf Life.

Whilst Wynn's products are formulated to have as long a shelf life as possible, other factors do influence their actual useful life. Handling and storage conditions can cause packaging deterioration which could render the product unfit for further use.

From time to time products are superseded by upgraded products and/or changed formulations and older products will no longer have the same performance level or be compatible with latest technology being introduced into equipment.

It is therefore the responsibility of the purchaser of the product to ensure proper storage conditions, stock rotation and timely usage to prevent products from becoming unsuitable for use.

**Expiry date:** 3 Years from manufacture date.
