TECHNICAL DATA SHEET

Wynn's Engine Start

Wynn's Engine Start is the easy solution to starting problems.

Avoids wear of the starter motor and prevents battery drain.

Engine start assists with cold weather starting, flooded engines and helps restore fuel pump pressure after a vehicle has run dry.

Unlike many starting fluids, Wynn's Engine Start can be used in 4 stroke and 2 stroke engines as it contains a friction proofing lubricant.

Key Benefits

- Fast acting starting solution
 - 2 stroke engine safe
 - Contains friction proofing
 - For petrol or diesel engines
-
- Available in 200ml and 375ml aerosol sizes

Applications

- Petrol or Diesel engines to promote easy starting
- Vehicles and motor bikes, especially if not in regular use
- Outboard motors and two stroke engines
- Mowers, chain saws, weed eaters etc.

Directions for use:

- Hold can upright
- Remove air filter for best results
- Spray into air intake for a few seconds then crank engine
- Repeat if necessary

Pack sizes.

12 x 375ml

12 x 200ml

Physical Specifications:

Odour: *Ether like*

Appearance: *Liquid in aerosol*

Health and Safety Data.

Material Safety Data Sheets are available from the company

Shelf Life.

Whilst Wynn's products are formulated to have as long a shelf life as possible, other factors do influence their actual useful life. Handling and storage conditions can cause packaging deterioration which could render the product unfit for further use. From time to time products are superseded by upgraded products and/or changed formulations and older products will no longer have the same performance level or be compatible with latest technology being introduced into equipment. It is therefore the responsibility of the purchaser of the product to ensure proper storage conditions, stock rotation and timely usage to prevent products from becoming unsuitable for use.

Expiry date: 3 Years from manufacture date.
