## Wynn's Carb Cleaner

Wynn's Carb Cleaner is a powerful solvent which enables you to clean the carburettors without dismantling. Simply spray it into the float chamber vent to clean the inside and down the throat for rapid results. Spray onto the outside to clean the exterior.

### Key Benefits

- Cleans without dismantling
- Rapidly dissolves gums, resins and tar deposits
- Restores smooth idling and efficient fuel delivery
- Easy starting

### Applications

- Fuel starvation
- Dirt and gum in carb blocking jets
- Old oxidised fuel left in carburettor
- Starting problems

### Directions for use:

- Remove air cleaner
- Spray all exposed surfaces in carburettor
- Start engine and spray into float chamber and air intake
- Rev engine moderately while spraying contents into carb
- Stop engine and clean outside of the carb to prevent contamination
- Reassemble and adjust air/fuel mixture and idle if necessary

### Shelf Life.

Whilst Wynn's products are formulated to have as long a shelf life as possible, other factors do influence their actual useful life. Handling and storage conditions can cause packaging deterioration which could render the product unfit for further use.

From time to time products are superseded by upgraded products and/or changed formulations and older products will no longer have the same performance level or be compatible with latest technology being introduced into equipment.

It is therefore the responsibility of the purchaser of the product to ensure proper storage conditions, stock rotation and timely usage to prevent products from becoming unsuitable for use.

**Expiry date:** 3 Years from manufacture date.
