## Wynn's White Lithium Grease Aerosol

Wynn's White Lithium Grease White Lithium-based Grease aerosol lubricant sprays on like a fluid, then congeals to a grease for prolonged lubrication intervals. NLGI 2 consistency formulated using medium viscosity mineral oil, Lithium 12 hydroxystearate soap and fortified with additives to enhance performance. Exceeds SABS 1851 Grease Specification and meets Concawe DPD required guidelines.

### Key Benefits:

- High oxidation stability
- Prevents rust
- Reduces wear.
- Very high chemical stability and structural stability
- Good resistance to water washing
- Operating temperature range from -12°C to +130°C

### Applications

- Effective lubrication and protection for automotive, domestic and light duty applications, including battery terminals, locks, hinges, latches etc. is a premium quality multipurpose Multi-purpose

### Directions for use:

- Clean surfaces to be lubricated
- Spray onto hinges, sprockets, sliders or use to prevent battery terminal corrosion

# TECHNICAL DATA SHEET

## Wynn's White Lithium Grease ....cont.

Pack sizes.  
12 x 250ml

Physical Specifications: Aerosol

Colour Visual	Light brown/white
Penetration, @ 25°C Worked 0.1 mm	285
Dropping Point °C	194
Viscosity of Base Oil @ 40°C	120cSt
4-Ball Weld Load	2800N
4-Ball Wear Scar 40kg/1hr	0:5 mm
Timken OK Load	35 lb
Oil Separation	5 5%
20,000 Strokes Worked Penetration	10%
Density	0.9g/ml
Wheel Bearing Leakage @ 105°C	5 5%
Copper Corrosion	1A
Oxidation Stability @ 100hrs	50KPa drop

### Health and Safety Data.

Material Safety Data Sheets are available from the company

### Shelf Life.

Whilst Wynn's products are formulated to have as long a shelf life as possible, other factors do influence their actual useful life. Handling and storage conditions can cause packaging deterioration which could render the product unfit for further use.

From time to time products are superseded by upgraded products and/or changed formulations and older products will no longer have the same performance level or be compatible with latest technology being introduced into equipment.

It is therefore the responsibility of the purchaser of the product to ensure proper storage conditions, stock rotation and timely usage to prevent products from becoming unsuitable for use.

Expiry date: 3 Years from manufacture date.
