TECHNICAL DATA SHEET

Wynn's Brake and Parts Cleaner

Wynn's Brake & Parts Cleaner instantly removes brake residues and deposits such as brake fluid, oil, grease and brake dust without polluting the environment. Use before every brake service to ensure clean re-application of callipers and pads. The strong solvent action is also ideal for cleaning parts as well as CV joints before new grease is applied.

Key Benefits

- Blasts away brake fluid, grease and brake lining contaminants
- quickly and efficiently
- Stops disc brake squeal
- Dries fast leaves no residue
- Improves brake performance

Applications

- Clean brake components when servicing or replacing pads
- Safe to use on ABS systems
- Clean parts and CV joints

Directions for use:

- Hold can upright
- Apply to cool surface only
- Remove wheel or brake drum as required
- Spray onto effective areas until dirt runs off freely
- Air dry

Pack sizes.
12 x 500ml

Physical Specifications:

Odour: *Characteristic solvent*
Appearance: *Liquid in aerosol*

Health and Safety Data.

Material Safety Data Sheets are available from the company

Shelf Life.

Whilst Wynn's products are formulated to have as long a shelf life as possible, other factors do influence their actual useful life. Handling and storage conditions can cause packaging deterioration which could render the product unfit for further use. From time to time products are superseded by upgraded products and/or changed formulations and older products will no longer have the same performance level or be compatible with latest technology being introduced into equipment. It is therefore the responsibility of the purchaser of the product to ensure proper storage conditions, stock rotation and timely usage to prevent products from becoming unsuitable for use.

Expiry date: 3 Years from manufacture date.
