# TECHNICAL DATA SHEET

## Wynn's Catalytic Converter & O2 Sensor Cleaner

Wynn's Catalytic Converter & O2 Sensor Cleaner for petrol engines optimizes the efficiency of the catalytic converter and ensures the optimal working of the oxygen sensors by cleaning the active surfaces of combustion and exhaust residue.

### Key Benefits:

- Ensure optimal working of the lambda (oxygen) sensors
- Improves cleanliness and reduces emissions
- Restores engine performance
- Especially suited for city driving cycles

### Applications

- Ideal for all petrol and petrol hybrid vehicles especially in stop start, city driving conditions

### Directions for use:

- Add contents to petrol tank
- Treats 30L of petrol

## Wynn's Catalytic Converter & O2 Sensor Cleaner

Pack sizes.  
12 x 325ml

### Physical Specifications:

Appearance : clear light yellow liquid  
Density at 20°C : 0,853 kg/dm<sup>3</sup>  
Flash Point : 34°C  
Odour : Characteristic

### Health and Safety Data.

Material Safety Data Sheets are available from the company

### Shelf Life.

Whilst Wynn's products are formulated to have as long a shelf life as possible, other factors do influence their actual useful life. Handling and storage conditions can cause packaging deterioration which could render the product unfit for further use.

From time to time products are superseded by upgraded products and/or changed formulations and older products will no longer have the same performance level or be compatible with latest technology being introduced into equipment.

It is therefore the responsibility of the purchaser of the product to ensure proper storage conditions, stock rotation and timely usage to prevent products from becoming unsuitable for use.

Expiry date: 3 Years from manufacture date.
